Detroit
Basic Programming Form

Name: _____   Phone #: _____

Please fill out the following information from your truck:

Engine Serial Number (ESN):   _____

Engine Model Number (Two letters):   6 0 6 7 __ __ 6 0

VIN #:   _____

Horsepower: _____

Speed Limit: _____

Max RPM Limit: _____

Rear Axle Ratio: _____

Tire Size: _____

Please circle one on the following:

Does it have Jake Brake?   Yes   /   No

Transmission type: Manual   /   Automatic

A/C Pressure Switch: Enabled   /   Disabled

Fan Manual Switch: Enabled   /   Disabled

IMPORTANT NOTE:
The data in this form is for a BASIC Programming on your ECM that will allow the truck to start and drive. The ECM will need to be reprogrammed completely for the truck to function correctly with all the parameters specific for your truck. For a full programming to be done, the original ECM needs to be present for our programmers to use the original settings. If the original ECM is not present, we recommend you bring your truck to us or have it reprogrammed by one of your local programmers.
